

Request for purchase of conventional feed

Please fill in this form completely. This service will be charged according to our price list.

Applicant/operator

b.i Number	
Name of operator	

Information

Non-organic feed for livestock may be authorised on a temporary basis if the availability of organic or in-conversion feed is drastically reduced due to certain extreme climatic events such as serious droughts or flooding.

Reduction of the percentage of the dry matter in the daily rations for bovines, ovines, caprines and equines may be approved on a temporary basis if the availability of organic roughage, fresh or dried fodder, or silage is drastically reduced due to certain extreme climatic events such as serious droughts or flooding.

Justification

Which of the following criteria is applicable?

Organic feed is not available due to an extreme climatic event. Request to feed non-organic feed.

Describe exceptional conditions

Organic roughage, fresh or dried fodder or silage is not available due to an extreme climatic event. Request to reduce percentage of dry matter in daily rations.

Describe infectious diseases

Information about livestock and planned feed purchase

Concerned species (bovine, ovine, caprine, porcine, poultry)	
Annual feed rate for the concerned species	
Non-organic feed needed	
Time period for which the feed is needed (may not be longer than 12 months)	

Information about livestock and planned change in feed ration

Concerned species (bovine, ovine, caprine, equine)	
Amended feed ration for the concerned species	
Time period for which the feed ration is amended (may not be longer than 12 months)	<i>Please provide the amended feed ration in the data sheet attachment 24_584</i>

Attachments:

- Confirmation of a national authority, or, if not available, from another third party official organisation in the country, about the exceptional circumstances

All receipts for purchases and sales must be present during inspection.

Signature by the operator
